

What is it?

Collaborating with a restaurant is a great option for fundraising and raising awareness. Reach out to a local restaurant and ask if they would be willing to host a fundraiser and donate a set percentage to The SPATA Foundation. You can find a Fundraiser Night Request Template [HERE](#).

What tools do I need?

1. You must Request Permission to Host a Fundraiser [HERE](#).
2. You can find pre-made flyers and hand outs to print [HERE](#).
 - a. Or make your own with your child's pictures!
3. You may even want to print cards that say something like "Thank you for dining with us and supporting The SPATA Foundation's research towards a cure!"

How to collect money?

The restaurant will take care of the money and they will typically write a check once the fundraiser is over. Checks can be written to The SPATA Foundation and mailed to 20 Llama Trl. Palm Coast, FL, 32164. You can also ask them if you can set up a sign with a QR code for additional donations. We have the QR code directly to our donate page [HERE](#).

How to promote your event?

Post on social media, tag close family and friends and the local restaurant. Ask the restaurant to repost to their account with more followers. Also print and post signs at and near the restaurant. Create a Facebook event. Post in local Facebook groups.
